

A wealth of expertise

United Utilities is the UK's largest listed water and wastewater company with a turnover in excess of US\$4 billion. We provide utility services to over 20 million people worldwide, operating and maintaining utility assets – water, wastewater, electricity and gas.

Our expertise lies in asset ownership and operations ranging from water and wastewater operations and maintenance to wastewater reuse, electricity distribution, capital programme management, waste management, metering, infrastructure services, consultancy and concessions.

As the steward of essential resources our business is all about the long-term; a characteristic reflected in our contracts with partners and clients. We operate with trust, integrity and professionalism to provide tailor made and innovative solutions that surpass expectation.

Our global credentials, in tandem with our sustainable approach to business, have helped us deliver projects in Australia, the Philippines, the GCC region, Central and Eastern Europe as well as across the United Kingdom.

For further information please call our Abu Dhabi office on: +971 (0) 2 642 9262 or email: unitedutilities.abudhabi@uuplc.co.uk
